

WEBINAR: Pay The Green — Be Mindful of the Lien!

Settlement Considerations When Negotiating a Personal Injury Claim

Thursday, March 16
1 - 2 pm EST

Whether handling a claim pre-suit or a claim in litigation, settlement is often the desired outcome for all parties involved. It is no secret liens, especially medical liens, can significantly impact the parties' ability to resolve a claim. This webinar provides best practices for addressing liens during settlement negotiations, and a discussion of which party is ultimately responsible for payment of the liens we often see in a personal injury matter. This webinar will address topics such as: subrogation and the "Full Compensation" Rule; Medicare, Medicaid and Erisa liens; child support liens; liens from medical financing companies; protecting your client from liens in the settlement release; and miscellaneous topics including: Offers of Settlement; Holt Demands and Bad Faith; and settling an injury claim of a minor child.
