1-2 P.M. EASTERN

PRESENTED BY ATTORNEYS:

TYLER CONNOR

One of the biggest challenges in handling a workers' compensation claim is returning the claimant to work. Navigating the time frame, Board rules, forms and notice can be an ordeal. The attorneys will discuss the procedures to follow in order to properly return the claimant to work. They will also highlight how COVID-19 has impacted claimants returning to work and available options if the claimant refuses to return to work.
