Exciting? No. Necessary? Yes! A Supreme Court justice once stated, “The law is a jealous mistress.” Well, the law is also like a toddler, in that it frequently changes its mind. Perhaps a kinder, more sophisticated way to describe the law is to say it “evolves.” This webinar will serve to inform you about the recent evolutions in workers’ compensation law in Georgia. Specifically, our attorneys will address the following topics: idiopathic injuries, change of condition, dependency benefits and attorney fees. With a better understanding of the current state of the law, you will be better equipped to expertly and efficiently handle the many claims you manage.

Webinar will offer 1 general hour of continuing education credit for attendees registered with the GA Department of Insurance.

Instructions to join the webinar will be sent via email to all registrants closer to the date of the program.
