

WEBINAR: Back to Basics

A Brief Review of Common Issues Faced in Workers' Compensation Claims

Thursday, December 14, 2017
1:00 pm - 2:00 pm EST

Properly navigating the Board rules, statutes and forms when handling workers' compensation claims in Georgia can be a minefield. While attempting to comply with these various requirements, you are also asked to simultaneously investigate the claim and keep an eye out for red flags that could serve as defenses to the compensability of the claim or reduce future exposure. This is a daunting task even for the most seasoned claims professionals. This webinar will serve as a refresher course highlighting some of the fundamental areas of workers' compensation law that are often overlooked. We will also highlight how compliance versus non-compliance with some of these requirements can make or break your claim.

Presented by Swift Currie Attorneys:
Katherine Jensen and Robert Smith

Webinar will offer 1 general hour of continuing education (pending approval) for attendees registered with the GA Dept. of Insurance. Instructions to join the webinar will be sent via email to all registrants closer to the date of the program.
