WEBINAR

## THE DUTY TO SETTLE, RESPONDING TO TIME-LIMITED DEMANDS AND EXTRACTIONAL LIABILITY

WEDNESDAY • JULY 15, 2020 • 1-2 P.M. EASTERN

Everyone who handles bodily injury claims is familiar with the *Holt* time limit, policy limit demand. Georgia law in this area is constantly evolving and insurance companies' obligations continue to be defined as Georgia courts address these claims. This webinar is a primer on the bad faith law governing bodily injury claims, including an update in the applicable law, as well as how to apply these cases to the handling of a time-limited demand. Because some bad faith suits are inevitable no matter how the claim is handled, this presentation will also include some suggested tips to put you in the best position to defend against such a claim.
